Change of Insurance Company Notice

Our goal is to provide you the best available combination of insurance coverage and price based on your situation and preferences. To achieve this goal, we are placing your insurance policy with a different company (upon your request or our recommendation).

We strive to be sure you have equal coverage to the replaced policy. But, it is important you be aware that differences in policy language may exist between insurance company contracts. This may include policy language, provisions, exclusions, conditions, etc.

Please be aware that a change of company may be rescinded (by the new company) due to information discovered (of which we might not be aware); and returning to your current company may not be an option. It is also possible that claims, within a short time period of change, may result in non-renewal of your coverage by the new company.

I understand that not all insurance policies have the exact same contract language and that there is a possibility of policy wording being a disadvantage to me. And, situations beyond anyone's control may cause changing companies to be detrimental to me. I understand that the final decision to change to a different insurance company is mine. I accept any possible risk as outlined above and feel it is in my best interest to change companies.
